Great Pond Road.

Acting on the petition of A. R. Brown and others, a road to Great Pond was laid out by the Board of Selectmen. On Dec. 7, 1903, a special town meeting was held, and said road accepted by the town. Immediately thereafter the Great Pond Mining & Agricultural Co., or others, filed with the County Commissioners, a petition for the discontinuance of this highway.

The County Commissioners in turn made their decision in favor of the town of Cape Elizabeth, but before further action could be taken by the Selectmen the Great Pond Mining & Agricultural Co. again made appeal, this time to the Law Court.

The matter now rests in the hands of a commission of three, Scott Wilson, Portland; Ardon W. Coombs, Portland; Barret Potter, Brunswick, who will report back to the Law Court when a final decision will be rendered by that body.

As soon as this decision is reached it will be possible for the town authorities to proceed with this way, if in the town's favor, but up to the present time it would not only have been unwise but illegal to proceed further in the construction of this highway.

REPORT.

To the Inhabitants of the Town of Cape Elizabeth, Maine:

We, the Selectmen, Assessors and Overseers of Poor, Treasurer, Collector, Clerk, Superintending School Committee and Road Commissioners, herewith submit this the Tenth Annual Report for the municipal year ending February 23, 1905, showing receipts and expenditures. The total amount of property as valued by the Assessors and shown by the valuation book, for the year 1904, both real and personal is \$780,500.00.

The amount of money raised at the Annual Town Meeting held March 14, 1904, was \$9,345.05; assessed for State tax, \$1,915.45; assessed for County tax, \$603.66; amount of overlays, \$521.34; total assessment, \$12,385.50. \$100.00 pays \$1.50. Number of polls 226. Poll pays \$3.00

TOWN FARM.

Mr. Arthur R. Jordan and wife were retained as keeper and matron the past year. We believe the inmates have been well cared for. Owing to the much needed repairs on the buildings, the insurance on the same expiring the past year, and the extreme low prices of all farm products, makes a very unsatisfactory showing in the accounts.

Pond Cove school house has been painted.

A new platform has been built to Bowery Beach school house; Spurwink school house has been painted and thoroughly repaired inside, hard wood floors laid throughout, and the school room furnished with the best modern seats and desks.

Ridgeway school house has had hard wood floors laid and furnished with the best modern seats and desks. These repairs make the school rooms more presentable and pleasing than they have been for a long time.

The terrible snow storms and blustering blows have been so formidable some days during the winter term, that it has been impossible for teacher or scholars to reach the school house. Excepting this drawback the schools have been very regularly attended, and, it is a pleasure to report have given general satisfaction. By reason of a change in the law the school census this year was made to include all children between the ages of 5 and 21, instead of 4 and 21 as formerly.

Mr. C. E. Michels, in charge of the High School, is an able, faithful, zealous teacher, showing unmistakable evidence of a practical knowledge of his profession. A good disciplinarian. Order and neatness are among the pleasant attractions of his school.

Respectfully submitted,
EDWARD F. HILL, *Chairman.*

THE TENTH ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS.

GENTLEMEN:

I respectfully submit the following report as Superintendent of Schools for the school year 1904-5.

The school census shows about the same number of scholars attending our common schools as in previous years.

The daily attendance has been particularly gratifying, and I feel sure the scholars have acquired as much learning as is possible in any ungraded school.

The teachers have been hard working and tireless in their efforts to do their duty, and nothing but words of praise from both parents and scholars have come to me during my term of office.

I most heartily recommend that the establishment of libraries be encouraged by small appropriations to each school; also that the salary of the School Superintendent be increased sufficiently to make it possible to devote more time to the different schools. This office being one of responsibility, and so much depending upon it for the advancement of our young folks, I believe it would be far better if the schools were visited by the Superintendent four times each term instead of the two as required by law.

The High School under the instruction of Mr. Michels has settled down to a system which if followed cannot but prove highly satisfactory. Every minute during school hours is accounted for, and as this is the fourth year of this school, there being four classes no time can be wasted.

With so many classes, however, I would recommend the employment of an assistant teacher, as I feel sure more rapid strides can be made in this school. With an assistant teacher more time can be given to recitation and study periods.

A laboratory should also be added, that the pupils may have a chance to make actual experiments, thereby placing certain classes on the same footing with other schools.

School No. 1, spring term, taught by Miss Laura Fuller. Fall and winter terms taught by Miss Nellie C. Emery.

School No. 2, spring, fall and winter terms taught by Miss Annie E. Jordan.

School No 3, spring term taught by Miss Etta B. Pratt. Fall term taught by Miss Alice G. Dyer. Winter term taught by Miss Margaret Files.

School No. 4, spring term taught by Miss Edith M. Dyer. Fall and winter term taught by Miss Grace Percy.

High School taught by C. E. Michels.

I desire to thank the School Board for their helpful consideration, and hearty co-operation in the work of the Superintendent. It is not necessary I should praise the efforts of our teachers to you, for it is well known that through their work, it has been possible for us to send to other schools, scholars who have held the highest honors.

Respectfully submitted,

FRANK W. WARDWELL, *Superintendent.*

REPORT OF LOCAL BOARD OF HEALTH.

One nuisance reported and removed.

One case of diphtheria and four cases of scarlet fever.

December 1st, Dr. F. I. Brown of South Portland in consultation with Dr. Dyson of Portland reported a case of smallpox at the widow Armstrong's residence, on the shore road near Fort Williams, Robert E. Armstrong the victim. The house was promptly placarded.

As Dr. Brown would not take the case he recommended Dr. Dyson, as having had ample experience with smallpox, and the board arranged with him to be the attending physician and to vaccinate immediately the exposed family.

The community was so very much startled with fear of an epidemic of the dread disease, which swept Portland two years ago that vigorous precautions were taken. A guard was put on to watch the premises, look after the wants of the family and see that they were supplied.

December 13th, Dr. Dyson reported another case, Eleanor J. Armstrong, a child four and one half years old. No one else infected.

After forty days the house was disinfected, other necessary work done and the quarantine removed.

EDWARD F. HILL, *Secretary,*
Local Board of Health.

Report of Road Commissioners.

TO THE CITIZENS OF CAPE ELIZABETH:—

Your Road Commissioners would submit the following statement of their work for the past year :

Shortly after their election they met at the Town Office and organized by the choice of Horace G. Trundy, Chairman, and L. C. Hannaford, Secretary.

A division of the road appropriation (\$1,500.00) was made, one-third being assigned to each Commissioner. The division of the roads remain the same as last year. Each Commissioner has had entire charge of the section assigned him.

It is to be hoped that work done upon your roads during the year has not been misapplied, that the work done upon the different sections may be allowed to speak for itself, and be given the approval which its merits demand.

We call your attention to the road built in the northerly part of the Spurwink section, this being a road over which so much heavy travel passes during the summer, it seems desirable that the road should be put and kept in a good condition.

Also in the Bowery Beach section where the road machine was very extensively used, which has put that section in a very excellent condition.

Also in the Pond Cove section near the residence of Mrs. Rand, and on the Shore Road near the Government Reservation.

In repairing the roads much shore and bank gravel has been used and has proved well chosen. We find some difficulty in covering the rocks, as material of good quality has to be carted quite a distance in most sections, but when once landed its good effect is readily seen, and the permanency of a road so covered is unquestioned.

In the employment of labor a constant effort has been made to employ efficient labor in the vicinity of the place of the work. This could not always be done. At times the teams and men

could not be had in the vicinity and must be brought from other sections. The time of doing road work is of great importance, and labor is needed at the proper time and should be obtained. Such has been our effort, and that honest, full work should be done by all engaged.

In conclusion, we would say that in the expenditure of your road money, we have endeavored to secure the most permanent results, the interest of the town at all times being considered.

A detailed statement of our expenditures appears on another page, showing the amount of labor and material furnished by each one the past year.

We ask that the same receive your attention.

Cape Elizabeth Veteran Association.

On Decoration Day the Veterans assembled at the Bowery Beach church and accompanied by clergymen, a quartette, and Sons of Veterans, proceeded by barge to the different cemeteries in the Town. After decorating the graves of departed veterans with appropriate services the veterans returned to the Bowery Beach church where many friends had assembled to witness the decoration of graves in Seaside Cemetery. After this, they entered the church and listened to some very impressive remarks by the gentlemen in attendance. After the services, they proceeded to Knightville where they had dinner by invitation of the South Portland Veterans and then joined the South Portland Veterans in decorating the Soldiers' Monument at the North Church. Many attended the services held in the church and were able to listen to many interesting remarks.
